**2019
OPERATING PLAN
NEENAH CENTRAL CITY BUSINESS IMPROVEMENT DISTRICT**

I. INTRODUCTION

Under Wisconsin Act 184, signed into law in 1984, Wisconsin municipalities are authorized to create Business Improvement Districts (BIDs) upon petition of at least one property owner within the proposed district. The State Legislature created Section 66.1109 of the Wisconsin Statutes (the “BID Law”) to provide a mechanism “...to allow businesses within those districts to develop, to manage and promote the districts and to establish an assessment method to fund these activities.” See Appendix F, 1983 Wis. Act 184, Section 1, legislative declaration. In many instances, BIDs are designed to promote, develop, redevelop, manage, and maintain the district. BIDs use various methods to determine assessments. A majority of Wisconsin BID’s levy is based on each parcel’s assessed value. Under the BID law, properties used exclusively for residential purposes may not be assessed.

Business improvement district assessments are quite similar to traditional special assessments wherein property owners are assessed for improvements or services that benefit them. Unlike traditional special assessments, however, business improvement district assessments can be used to finance a wide range of activities, services, and improvements. Business improvement districts in Wisconsin have been used to fund a broad scope of activity including business retention and recruitment programs, marketing and promotional activities, environmental enhancement, maintenance programs, parking utilization, services such as snow removal, façade renovations, as well as crime prevention and security activities.

In 2001, business and property owners located within the Neenah Central City Business Improvement District (the “District”) signed a petition requesting the creation of a Business Improvement District. The purpose of the District is to sustain the competitiveness of Downtown and ensure a safe, clean environment conducive to business and recreational activity. The petition was included as part of the Initial Operating Plan that was developed in accordance with the BID statutes. The Neenah Common Council approved the Plan and created the District on November 20, 2001. The BID District functions as a cooperative partnership with the City of Neenah (City) and Future Neenah, Inc. (FNI).

This 2019 Operating Plan will govern the operation and management of the BID for the next year. It is anticipated that the BID will be renewed for subsequent years with essentially the same terms and conditions (with options to modify work plans, budgets, etc.), and in the manner prescribed under section 66.1109 (3) (b) of the BID law.

The provisions set forth herein shall constitute the “Operating Plan” of the Neenah Central City BID. As used herein, “BID” shall refer to the business improvement district’s operating and governance mechanism and “District” shall refer to the real estate located within the physical boundaries of the business improvement district, as provided herein.

A. Purpose of the BID

Since its inception, the objectives of the BID have been and continue to be to attract merchants and entrepreneurs that will increase customer traffic downtown, better enabling the Downtown District to compete for customers with suburban, residential, and commercial areas, and to position it as a destination point. Key focus areas are management, retention, recruitment, marketing, public relations and physical maintenance of the District. These are proposed because

1. Use of the BID mechanism to create a broad based entity focused on achieving specified goals and objectives, and led by a volunteer Board of Directors will help ensure that a sustainable management, retention, recruitment, marketing and maintenance program will continue on a long-term basis.
2. The District includes a variety of properties in differing types and sizes. Existing public funding sources used to maintain and promote the District in the past have not been sufficient. Unified development efforts will have to be financed with new private resources as well as existing public and private dollars. A system of shared costs, responsibilities, and programs will provide for long-term results that would otherwise not be obtainable. An example of the benefit of this effort will be the District supplementing the maintenance provided by the City in order

to increase the appearance and cleanliness of Downtown. The City will continue to provide its current level of maintenance and service. The City, FNI, and the District have developed a Cooperation Agreement to address the common goal of maintaining a clean, safe, and vibrant central business district. This agreement defines roles and responsibilities among the parties, improves communication, makes efficient use of time and resources, and encourages success. The Cooperation Agreement will be extended for a one-year renewal, through December 31, 2019, with the adoption of the 2019 Operating Plan. Future renewal is subject to the mutual agreement of all parties. A retreat of all parties involved (City/FNI/BID) was held in October, 2017 to update this Cooperative Agreement. At that time, action was taken to replace this working document with an Agreement that more accurately reflects the partnership and shared duties/responsibilities. All parties agreed to meet every other year in similar fashion to renew this Cooperative Agreement. (Appendix L)

3. The BID law provides a mechanism whereby private property owners can work together in conjunction with the City of Neenah and Future Neenah, Inc. to develop and maintain the District. The goals and objectives of the newly completed 2040 Comprehensive Plan, the 2013 Market Analysis & Branding Study, the Waterfront Design and Development Master Plan, the 2008 Glatfelter Mill Redevelopment Master Plan, the 2014 parking study, and other programs that promote the economic vitality of the Downtown will be consulted in the management of the BID.
4. The continued use of the BID mechanism helps to ensure that the entire District will be promoted, managed and developed as expeditiously and cost effectively as possible, further ensuring that efforts to showcase and benefit the District continue into the future.
5. There have been more than 1000 BID's formed in North America, including 83 BIDs in Wisconsin. BIDs are a critical ingredient in commercial area revitalization and have proven to be successful by funding improvements and services that enhance the overall vitality of a business district. Success is measured by higher occupancies, sales, and property values.

II. DEVELOPMENT PLAN

This shall be the Business Improvement District Operating Plan for the Neenah Central City Business Improvement District, for the year 2019.

A. Plan Objectives

The BID seeks to protect public and private investments in Downtown Neenah, and to attract new investment to the District. The BID exists to promote the orderly development and physical maintenance of the District, including implementation of the Downtown Element of Neenah's 2040 Comprehensive Plan, and to develop, redevelop, maintain, operate and promote the District efficiently and effectively. The BID shall work to preserve and improve economic, cultural, and social conditions within the District by facilitating partnerships of people and organizations to achieve mutual goals. The BID provides the necessary funding to plan, evaluate, facilitate and implement District development projects, planning activities, services and promotional activities that will help to acquire and grow sustainable consumer markets that Downtown Neenah can attract and serve, thus strengthening its competitiveness in the regional marketplace.

B. Plan of Action For 2019

The BID shall carry out its objectives by renewing the contract with FNI to carry out the administrative and management of the Plan of Action. It will be the task and responsibility of the BID Board and its standing committees to define and direct the implementation of the Plan of Action. The 2019 Plan of Action of the BID Board, as established by its four standing committees, is identified in the attached Appendix G.

C. Benefits

Funds collected by the BID under this plan will be spent for the benefit of the District.

Activities will:

1. Help District property owners secure and retain quality tenants.
2. Assist property owners and prospective tenants with governmental processes.
3. Assist property owners in retaining existing tenants by providing programs and services to troubleshoot, problem solve, and educate.
4. Assist property owners in recruiting new businesses to the District by using various proactive methods such as:
 - Track market trends, strengths, and weaknesses in order to target those new business sectors that should be recruited in the District.
 - Implement a marketing strategy and material to assist in attracting new businesses.
 - Continue to refine a database that tracks all property available within the BID. Use the database for informing potential new business of these locations.
5. Offer information and referral for financial assistance in developing and improving property.
6. Assist property owners in promoting not only their property, but also the District as a whole.
7. Address parking issues and concerns by working with City officials and recommending improvements to the Downtown Parking System.
8. Address safety issues through cooperative work with business owners and City officials in order to develop new programs aimed at keeping the BID safe for customers, owners, pedestrians, and residents.

Help increase the value of property in the District by:

1. Improving the image of the District.
 - Continue to implement and update the marketing and branding study to attract new customers, businesses, and pedestrian traffic to the area.
 - Continue to educate business and property owners, Downtown employees, and customers on parking availability, rules, and regulations.
2. Encouraging property owners and tenants to make improvements and enhancements to buildings in the District.
 - Continue to support the City's efforts at securing funding for continuation of the façade grant program.
 - Encourage and promote any new building improvements through the use of marketing campaigns, newsletters and media.
3. Expanding promotional and retail events that increase pedestrian traffic in the District.
 - Promote events such as Farmers Market, the Christmas Event, Ultimate Ladies Day, Shattuck Park Summer Concert Series, etc.
 - Work cooperatively with event organizers to develop new events and grow existing events that create public awareness of what businesses are located within the BID and encourage people to come to the District.

Help tenants and existing businesses in the District become stronger by:

1. Developing vacant property and land.
2. Working with business owners in finding and obtaining tenants/owners to purchase/lease available space.
3. Assisting in marketing the BID to the general public and to private developers.
4. Working with area businesses and City officials to develop solutions for undesirable property.
5. Monitoring the enforcement of codes on properties that are neglected due to absentee owners.

10. Future Neenah, Inc. shall have a representative on the BID Board. Depending on that representative’s status, they may or may not be a voting member per the provisions of Section D. 2. above.

E. Annual Review

This Operating Plan, when adopted, shall be the governing plan for the Plan Year. Approval by the City's Common Council of such Plan shall be conclusive evidence of compliance of such Plan with the BID Law, Section 66.1109 (3) (b).

The BID Law allows the BID to annually present amendments to its Plan. The following process for approval of the amended Plan will be followed.

1. The proposed Operating Plan for the following Plan Year will be drafted by FNI as the administrative arm of the BID with input from the BID and FNI Boards as well as the City, then submitted to the BID Board and the FNI Board for review and input.
2. The Plan may be re-drafted and submitted to the BID Board for approval based on comments by the BID and FNI Boards.
3. The BID Board will review the proposed BID Plan and make a recommendation to the Common Council.
4. The Common Council will act on the proposed BID Operating Plan for the following Plan Year.
5. Mayoral appointment and Council confirmation of new members to the BID Board will be made 30 days prior to the expiration of outgoing Board members terms. It is anticipated that the BID Board will continue to revise and develop the master Operating Plan for later Plan Years, in response to changing development needs and opportunities in the District, within the purpose and objectives defined herein. Included in these changes for later Plan Years will be changes in the BID budget and assessments.

F. Relationship to Plans for the Orderly Development of the City

Under Wisconsin Statutes Section 66.1109 (1)(f)(4), this Operating Plan is required to specify how the creation of a Business Improvement District promotes the orderly development of the City. The District will enhance the cleanliness, safety, development, and marketability of the Downtown, consequently, encouraging commerce in the City. Further, increased business activity in the City will increase sales tax revenues and property tax base. Orderly development of the City is consistent with the City of Neenah's 2040 Comprehensive Plan, the Waterfront Design and Development Master Plan, the 2008 Glatfelter Mill Redevelopment Master Plan, and will promote the orderly development of the City in general and the Downtown in particular.

G. Powers

The BID, and the Board managing the BID, shall have all the powers authorized by law, and by this Plan, and shall have all powers necessary or convenient to implement the Operating Plan, including, but not limited to, the following powers:

1. To manage the affairs of the District.
2. To promote new investment and appreciation in value of existing investments in the District.
3. To contract on behalf of the BID with Future Neenah Incorporated to implement the Operational Plan.
4. To develop, advertise and promote the existing and potential benefits of the District.
5. To acquire, improve, lease and sell properties within the District, and otherwise deal in real estate.
6. To undertake on its own account, public improvements and/or to assist in development, underwriting or guaranteeing public improvements within the District.
7. To apply for, accept, and use grants and gifts for the benefit of the District. This will be accomplished by utilizing FNI's 501 (c) 3 not-for-profit status.
8. To elect officers, hire employees and contract out work as necessary to achieve its goals.
9. To insure the security of the District.
10. To elect Officers to assist in carrying out the day-to-day work authorized by the BID Board, including authorizing the payment of invoices, bills, claims and contracts on behalf of the Board, and to adopt By-Laws governing the conduct of the BID Board, its Officers and the day-to-day operation of the BID Board and Board meetings.

H. Budget

All of the estimated expenditures of the BID are shown on Appendix A, the Budget. All of the expected expenditures will be financed by the collection of BID assessments and with other revenues generated by City participation, gifts, donations, in-kind services, grant applications, etc.

The BID will continue to contract with FNI for staff/administrative/management/implementation services. Funds collected through BID assessments shall be used to pay for this contract in order to implement a full-fledged, successful and sustainable downtown management program. The BID Board and FNI will cooperatively and jointly raise additional funds through public and private sources to cover the remaining funds needed for any other projects not identified herein.

Except as identified herein, all expenditures will be incurred during the Plan Year. Any funds remaining on any line item above may be moved to another budget line item, as determined by the BID Board. Any unused funds remaining at the end of the year shall be deposited into contingency funds or designated for specific uses in the following Plan Year. If any additional funds are received by the BID, whether from gifts, grants, government programs, or other sources, they shall be expended for the purposes identified herein, and in the manner required by the source of such funds, or, if the funds have no restrictions, in the manner determined by the BID Board and in keeping with the objectives of the BID Operating Plan. All physical improvements made with these funds shall be made in the District. The location of other expenditures shall be as determined by the BID Board, but for the benefit of the District.

In 2007, the BID Board created a Capital Reserve Account. Each year, the Board may approve a specific amount of the District's assessment or reserve to be set-aside and deposited in the Account. This Account is for long term capital needs and projects that may require extraordinary funding during a given budget year. Also included are segregated fund pools for snow emergency and sign/public art savings.

III. DISTRICT BOUNDARIES

The District is defined by the current configuration of those tax key parcels, listed in Appendix B, attached hereto and incorporated herein by this reference, reflecting the parcels as they preexisted and/or existed in the City of Neenah's Assessor's records as of November 1, 2018.

The District is generally bounded on the North by the Southern Water Canal, on the East by Oak and Walnut Streets, on the West by Millview Drive and Main Street, and extending South along Commercial Street to Jackson Street. Properties zoned for commercial use by the City of Neenah on both sides of boundary streets are included in the District. The District includes 79 taxable parcels subject to BID assessment. Notwithstanding the above, parcels of property that are not subject to general real estate taxes, and real properties used exclusively for residential purposes shall be excluded from the District by definition, even though they lie within the boundaries shown on Appendix B. Land parcels exempt from general real estate taxes, but which have taxable real estate improvements upon them, may have those improvements assessed.

IV. FINANCING METHOD

The proposed expenditures outlined in the Appendix A, Budget, will be financed with funds collected from the BID assessment. Monies collected from the BID assessment will also be used to contract for services from FNI in accordance with the Contract for Services between the BID and FNI.

V. METHOD OF ASSESSMENT

A. Parcels Assessed

All taxable property used for commercial purposes will be assessed. Properties used exclusively for residential purposes will not be assessed as required by the BID Law. Mixed-use properties containing some residential use will be fully assessed by the District. All real property used exclusively or in part for manufacturing will be assessed at this time. Property exempt from paying real estate taxes or owned by government agencies will not be assessed, as required by BID law.

B. Levy of Assessment

Special assessments under this Operating Plan are hereby levied, through the adoption of this Operating Plan by the City of Neenah against each taxable property within the District, in the amount shown on the assessment schedule, which is attached as Appendix C.

The 2017 assessments shown in Appendix C were calculated at the rate of \$2.95 per \$1000 of assessed value, with no parcel assessed more than \$7000.00 and no parcel assessed less than \$750.00. Property values used to calculate the BID assessment represent the assessed value of real property, as certified by the City of Neenah Assessor, as of January 1, 2018.

The principal behind the assessment methodology is that each non-exempt parcel's owner should pay for District development in proportion to the benefits derived. Obviously, not every parcel in the District will benefit equally, nor should each parcel, regardless of size or value, contribute in exact ratio of property value. It is assumed that a minimum and maximum benefit can be achieved for each parcel, thus minimum and maximum BID assessments have been established. The Operating Plan projects that in the future, the annual maximum assessment per tax parcel, if increased, will not be adjusted by more than the prevailing Consumer Price Index for that given period.

C. Schedule of Assessments

Appendix C provides a Schedule of Assessments for 2018 of all non-exempt and non-taxable parcels within the BID, based on the formula described above.

D. Assessment Collection and Dispersal

The City of Neenah will make available a list of all of the non-exempt parcels assessed amounts which can be paid early, prior to being placed on the tax bill. Any assessments that remain unpaid from this separate billing shall be included as special assessments levied herein as a separate line item on the real estate tax bill for each parcel. The City shall collect such assessment with the taxes as a special assessment and in the same manner as such taxes, and shall turn over all funds so collected to the BID Board for distribution in accordance with the BID Plan.

All BID assessments shall be shown on the real estate tax bill as due and owing in full with the first installment of taxes (January 31), and shall carry the same penalties and interest if not so paid.

The City shall hold funds collected for BID assessments in a segregated account. Any BID assessments collected by the City before or after the Plan Year for which the assessments were made are to be used by the BID Board in the manner as if received during the applicable Plan Year. This provision is intended to govern BID assessments prepaid by December prior to the applicable Plan Year, and/or delinquent and late payments made after the Plan Year.

The BID Board shall prepare and make available to the public and City Council annual reports (app F) describing the current status of the BID, including expenditures and revenues (app A), at the time it submits its amended Plan to the City for the following year. Following the end of the fiscal year, an independent certified audit or review as specified by WI State Statute 66.1102 Sub. (3) (c) shall be obtained by the Board, and will be paid out of the BID Budget.

Disbursement of BID funds shall be made in accordance with the approved BID Operating Plan and Budget. Disbursements for contracted services, such as those provided by Future Neenah, Incorporated, shall be made on a reimbursement basis. Invoices and documentation of services performed shall be submitted to the BID Board for approval of payment or reimbursement.

The presentation of the proposed Plan to the City shall be deemed a standing order of the Board under 66.1109 (4) Wis. Stats. to disburse the BID assessments in the manner provided herein. This section shall be sufficient instruction to the City to disburse the BID assessment, without necessity of an additional disbursement agreement, disbursement method, or accounting method. Other than as specified herein, the disbursement procedures shall follow standard City disbursement policy.

E. Annual Report

The Board will prepare an annual report as required by sec 66.1109(3)(c) of the WI Statutes. The report will include the required audit. The BID will be solely responsible for payment of any funds specified for the BID Audit or Review and related to BID activities for Audit or Review.

VI. CITY ROLE IN DISTRICT OPERATIONS

The City of Neenah is committed to helping owners and occupants in the District promote the objectives outlined in this Operating Plan, while maintaining autonomy in the preparation and adoption of its annual budget. Historically, the City has made significant annual investments in the Central Business District for maintenance, upkeep, and infrastructure. The City will continue providing quality services, capital improvements, funds for maintenance, facade renovation, enhancement of the waterfront, and staff support for economic development. Details are provided in appendix L. In furtherance of its continued commitment, the City shall:

1. Assist with implementation and refinement of the Cooperation Agreement.
2. Encourage the County, State, and Federal Governments to support activities of the District.
3. Actively monitor and when appropriate, apply for outside funds, which could be used in support of the District.
4. Collect assessments and maintain a segregated account.
5. Provide disbursement of BID Funds to service providers in accordance with the BID Operating Plan and Budget.
6. Contract with a firm to conduct the Audit or Review.
7. Provide a cost estimate for said audit no later than October 1 for the following year.
8. Provide a separate monthly financial statement to the BID Board.
9. Review annual audits or reviews as required per 66.1109 (3)of the BID Law.
10. Provide to the BID Board, through the Assessor's Office, no later than November 15th each Plan Year, the official City records on assessed value for each tax key number within the District, as of that date in each Plan Year, for the purposes of calculating the BID assessment.
11. Adopt this Plan in the manner required by the BID Law.
12. Appoint and confirm new BID Board members as required herein.

VII. REQUIRED STATEMENTS

The Business Improvement District Law requires the Plan to include several specific statements.

66.1109 (1) (f) (1m): The District will contain property used exclusively for manufacturing purpose, as well as properties used in part for manufacturing. These properties will be assessed according to the formula contained herein because it is assumed that they will benefit from development in the District.

66.1109 (5) (a): Property known to be used exclusively for residential purposes will not be assessed under the initial and future years Operating Plan.

66.1109 (1) (f) 5: A legal opinion from Neenah City Attorney, indicating that the Operating Plan complies with all applicable provisions of Section 66.1109(1)(f)(1-4), is attached as Appendix D.

VIII. RELATIONSHIP

A. Future Neenah, Incorporated

The BID shall be a separate entity from Future Neenah Incorporated (FNI), notwithstanding the fact that officers and directors may be in part shared. FNI shall remain a private not-for-profit organization. Any contracting with FNI to provide services to BID shall be exempt from the requirements of 62.15, Stats, because such contracts shall not be for the construction of improvements or provision of

materials. If the BID does contract for the construction of improvements or provisions of material, it shall follow the requirements of such statutes to the extent applicable to assure open, competitive procurement of contracts and purchases. Further, the annual accounting required under section 66.1109 (3)(c), Stats, shall be deemed to fulfill the requirements under 62.15 (14) Stats. Ownership of assets of Future Neenah, Incorporated shall remain solely with Future Neenah, Incorporated.

B. Binding Clause

The adoption of this Operating Plan is subject to the BID Board renewal of the contract for services with Future Neenah, Incorporated to carry out this Operating Plan; and if said contract is not renewed, then this Plan shall be null and void.

IX. SEVERABILITY AND EXPANSION

The Business Improvement District has been created under authority of Section 66.1109 of the Statutes of the State of Wisconsin.

Should any court find any portion of the BID Law or this Plan invalid or unconstitutional, said decision will not invalidate or terminate the Business Improvement District, and this Operating Plan will be amended to conform to the law without need of re-establishment.

Should any Legislature amend the statute to narrow or broaden the purposes of a Business Improvement District so as to, among other things, exclude or include as assessable properties a certain class or classes of properties, then this BID Plan may be amended by the Common Council of the City of Neenah as part of, and when it conducts its annual budget approval, and without necessity to undertake any other act.

All of the above is specifically authorized under Section 66.1109 (3) (b) of the BID Law.

If it is determined by a court or administrative body that a parcel(s) of property not subject to general real estate taxes may not be included within the District, then such parcel(s) shall be excluded from the definition of the District.

All appendices are hereby incorporated by reference.

A. Measures of Success

The success of the BID is ultimately determined by the level of satisfaction of those who create it and who control the life of the BID. This measure of success is anecdotal and is indicated by efforts or lack thereof to dissolve the BID.

Other anecdotal information useful in understanding the success of the BID would measure the level of customer satisfaction with the goods and services provided in Downtown Neenah. This information can be attained through various surveys and questionnaires.

Efforts to track sales are burdensome because independent retail and hospitality providers are often unwilling to provide such information.

In addition to the anecdotal evidence suggested above, the following measures will be established and evaluated as quantifiable measures of success:

1. Vision 2040

The downtown element of the City of Neenah’s Comprehensive Plan contains action steps for both public and private sectors. Many of these actions are identified in this Operating Plan. The accomplishment of these objectives shall indicate one measure of success for the BID. (City has completed an updated Vision 2020 replacing it with a 2040 Comp Plan. BID to implement any directives from this Plan.)

In addition to the City of Neenah’s Comprehensive Plan, other planning tools offer benchmarks of success. The achievement of goals

from the 2013 Downtown Market and Branding Analysis, the Waterfront Master Plan, the 2008 Glatfelter Mill Redevelopment Master Plan, and the 2014 Parking Study could serve a function in the evaluation of the BID implementation plan.

2. Commercial Facilitation

One measure that can easily be quantified is the number of businesses, both existing and new, that receive help, either financial or advocacy services, by the BID. (See Appendix F, 2018 Annual Report for commercial facilitation success in the past year.)

3. Commercial Valuations

One measure of success is related to the growth in value of private property in Downtown Neenah. Quantifiable valuation measures are calculated annually to measure success over time. (See Appendix C)

4. Occupancy Rates and Business Inventory

In addition to City of Neenah statistics, private sources offer insight as to the success of the BID. For these measures, 2002 data will serve as baseline. (See Appendix F)

2018 ANNUAL REPORT

The Neenah Central City Business Improvement District (BID) has successfully completed 17 full years of operation. We are pleased to report that as we review the accomplishments of this past year, many challenges and opportunities were addressed, and new partnerships were formed. Significant progress was made toward attaining the four goals and objectives of the BID, while also ensuring the long-term sustainability of the Neenah City Central Business Improvement District.

Served the Downtown as the central administrative hub:

INDEPENDENT AUDITORS' REPORT

To the Board of Directors

Neenah Central City Business Improvement District

Report on the Financial Statements

We have audited the accompanying financial statements of the Neenah Central City Business Improvement District (the "district"), a component unit of the City of Neenah, Wisconsin, as of and for the year ended December 31, 2017, and the related notes to the financial statements, which collectively comprise the district's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the district's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the district's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the district's as of December 31, 2017, and the changes in financial position and its cash flows and budgetary comparison for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Report on Other Legal and Regulatory Requirements

We have also issued our report dated August 31, 2018 on our tests of its compliance with Wisconsin State Statutes Section 66.1109. The purpose of that report is to describe the scope of our testing of compliance and the results of that testing, and not to provide an opinion on compliance.

NOTES TO FINANCIAL STATEMENTS
As of and for the Year Ended December 31, 2017

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the City of Neenah's Central City Business Improvement District (the "district") conform to accounting principles as applicable to governmental units. The accepted standard-setting body for establishing governmental accounting and financial reporting principles is the Government Auditing Standards Board (GASB).

A. DESCRIPTION OF REPORTING ENTITY

This report contains the financial information of the City of Neenah's Business Improvement District, which is a component unit of the City of Neenah, Wisconsin.

The district was created under the provisions of Wisconsin Statute Section 66.1109. It is the purpose of that section to authorize municipalities to create one or more business improvement districts to allow businesses within those districts to develop, manage, and promote the districts and to establish an assessment method to fund these activities.

The district is a legal entity separate and distinct from the City of Neenah, Wisconsin. The district is governed by an eleven-member board appointed and approved by the common council. The members serve staggered, three-year terms. A majority of the board members shall own or occupy real property in the district.

B. BASIS OF ACCOUNTING/MEASUREMENT FOCUS

The accounting and financial reporting treatment applied to the Business Improvement District is determined by its measurement focus. The transactions of the district are accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operations are included on the statement of net position. Net position (i.e., total assets net of total liabilities) is segregated into "net investment in capital assets," "restricted," and "unrestricted" components.

The statement of net position and statement of revenues, expenses, and changes in net position are reported using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Assessments are levied upon all property within the district and are recognized as revenues in the year for which they are levied. Taxes receivable for the following year are recorded as receivables and unearned revenue. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider are met. Special assessments are recorded as revenue when earned. Unbilled receivables are recorded as revenues when services are provided.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

B. BASIS OF ACCOUNTING/MEASUREMENT FOCUS (cont.)

The district distinguishes *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services in connection with the district's principal ongoing operations. The principal operating revenues of the district are charges to the district members. Operating expenses for the district include professional services, operation and maintenance, business development, and promotions. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

C. SPECIAL ASSESSMENT METHOD

The district is authorized to levy special assessments to fund its operations. The method of levy is based on assessed valuation of all real property within the district except property used exclusively for residential and manufacturing purposes.

D. CAPITAL ASSETS

Capital assets are defined by the district as assets with an initial cost of more than \$5,000 and an estimated useful life in excess of one year. All capital assets are valued at historical cost, or estimated historical cost if actual amounts are unavailable. Donated capital assets are recorded at their estimated fair value at the date of donation.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Revenues, Expenses, and Changes in Net Position, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The estimated useful lives by type of asset are as follows:

Land improvements	20 Years
Machinery and equipment	15 Years

E. DEFERRED INFLOWS OF RESOURCES

A deferred inflow of resources represents an acquisition of net position that applies to a future time period and, therefore, will not be recognized as an inflow of resources (revenue) until that future time.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont.)

F. EQUITY CLASSIFICATIONS

Equity is classified as net position and displayed in three components:

- a. Net investment in capital assets – Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances (excluding unspent debt proceeds) of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net position – Consists of net position with constraints placed on their use either by 1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments, or 2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position – All other net position that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

When both restricted and unrestricted resources are available for use, it is the district's policy to use restricted resources first, then unrestricted resources as they are needed. The district did not have equity in restricted net position as of year-end.

G. CLAIMS AND JUDGMENTS

Claims and judgments are recorded as expenses when the related liabilities are incurred.

H. OPERATING PLAN BUDGET

The budgetary information is derived from the annual operating plan budget and is presented using the same basis of accounting as described in Note 1.B.

NOTE 2 – DEPOSITS AND INVESTMENTS

For purposes of the statement of cash flows, the district considers all highly liquid investments with an initial maturity of three months or less when acquired to be cash equivalents.

Investment of district funds is restricted by state statutes. Available investments are limited to:

- a. Time deposits in any credit union, bank, savings bank, trust company, or savings and loan association maturing in three years or less.
- b. Bonds or securities of any county, city, drainage district, technical college district, village, town, or school district of the state. Also, bonds issued by a local exposition district, a local professional baseball park district, a local professional football stadium district, a local cultural arts district, the University of Wisconsin Hospitals and Clinics Authority, or the Wisconsin Aerospace Authority.
- c. Bonds or securities issued or guaranteed by the federal government.
- d. The local government investment pool.
- e. Any security maturing in seven years or less and having the highest or second highest rating category of a nationally recognized rating agency.

**CITY OF NEENAH

NOTE 2 – DEPOSITS AND INVESTMENTS (cont.)

- f. Securities of an open-end management investment company or investment trust, subject to various conditions and investment options.
- g. Repurchase agreements with public depositories, with certain conditions.

The district has not adopted an investment policy.

The district's deposits at year-end were comprised of the following:

	Carrying Value	Bank Balance	Associated Risks
Deposits	\$ 62,089	\$ 62,089	Custodial credit risk

Deposits in each local and area bank are insured by the FDIC in the amount of \$250,000 for time and savings accounts (including NOW accounts), and \$250,000 for demand deposit accounts (interest bearing and noninterest bearing). In addition, if deposits are held in an institution outside of the state in which the government is located, insured amounts are further limited to a total of \$250,000 for the combined amount of all deposit accounts.

Bank accounts are also insured by the State Deposit Guarantee Fund in the amount of \$400,000. However, due to the nature of this fund, recovery of material principal losses may not be significant to individual municipalities. This coverage has not been considered in computing custodial credit risk.

Custodial Credit Risk

Deposits – Custodial credit risk is the risk that in the event of a financial institution failure, the district's deposits may not be returned to the district.

The district does not have any deposits exposed to custodial credit risk.

NOTE 3 – CAPITAL ASSETS

Neenah Central City Business Improvement District
Neenah, Wisconsin

We have audited the financial statements of the Neenah Central City Business Improvement District (district), a component unit of the City of Neenah, Wisconsin as of and for the year ended December 31, 2017, and have issued our report thereon dated August 31, 2018. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the district's noncompliance with the above-referenced statutes, insofar as it relates to accounting matters.

This report is intended solely for the information and use of the Neenah Central City Business Improvement District's Board and management and is not intended to be, and should not be, used by anyone other than these specified parties.
